Profile

Highly skilled Front End Web Developer with extensive experience in creating visually appealing and user-friendly websites. Proficient in HTML, CSS, and JavaScript, with a keen eye for design. Seeking to utilize my expertise in web development to contribute to a dynamic team and drive innovation in the digital space.

Work Experience

Front End Web Developer

- Designed and developed responsive websites utilizing HTML, CSS, and JavaScript to optimize user experience and functionality.
- Collaborated with cross-functional teams to implement front-end designs, ensuring consistency across different platforms and browsers.
- Conducted regular code reviews and debugging to identify and resolve issues, improving site performance and usability.
- Stayed current on industry trends and best practices, continuously enhancing skills in front-end development tools and technologies.
